FINAL EXAM EXEMPTION POLICY

All students, 9th through 12th, are eligible for final exam exemptions in the Spring Semester. Students must meet the criteria and the discipline requirement listed below. Students must maintain an 85-100 class average for the semester (18-weeks). In addition, the following criteria apply as well:

1. Students must meet the criteria listed above and the discipline requirement listed below.
2. A student granted a final exam exemption must still attend that class during the final exam period and must be present the entire duration of the final exam period to be considered exempt. Students who check out early during a final exam will forfeit the exemption, receive a grade of zero or incomplete for the exam and will need to schedule a makeup final exam. Failure to attend will result in a zero or an incomplete for that course.
3. Any student that has served ISS, DAEP, or OSS while enrolled in a course during the semester of the final exam is not eligible for a final exam exemption for that course.
4. To ensure that all students have the opportunity to complete their exams in a distraction-free environment, the attendance office will not be doing early checkouts during exam periods. Parents and students should plan accordingly so that students remain in their exam period the entire duration of the exam period.
